PUBLIC COMMENTS UNDER IC 13-14-9-4.5

IC 13-14-9-4.5 states that a board may not adopt a rule under IC 13-14-9 that is substantively different from the draft rule published under IC 13-14-9-4, until the board has conducted a third comment period that is at least twenty-one (21) days long.

Because this proposed rule is not substantively different from the draft rule published on November 1, 2000, at 24 IR 555, the Indiana Department of Environmental Management (IDEM) is not requesting additional comment on this proposed rule.

SUMMARY/RESPONSE TO COMMENTS FROM THE SECOND COMMENT PERIOD

IDEM requested public comment from November 1, 2000, through December 3, 2000, on IDEM's draft rule language. IDEM received comments from the following parties:

Barnes and Thornburg on behalf of Knauf Fiber Glass (KF).

Following is a summary of the comments received and IDEM's responses thereto:

Comment: We request that unit names be updated and ovens no longer in operation be eliminated to reflect current operations. After further consideration, Knauf has determined that it is not necessary to reallocate the emissions from 605 forming to 605 furnace. (KF)

Response: The department concurs with Knauf's latest request. The draft rule reflects the update requested by Knauf.

SUMMARY/RESPONSE TO COMMENTS RECEIVED AT THE FIRST PUBLIC HEARING

On March 6, 2002, the air pollution control board (board) conducted the first public hearing/board meeting concerning the development of amendments to 326 IAC 11-4-5. Comments were made by the following parties:

Barnes and Thornburg on behalf of Knauf Fiber Glass.

Following is a summary of the comments received and IDEM's responses thereto:
